HISTORY

1990. 12. 21 Established The Dong-Sin Co.
(Company's own model was developed and began to domestic supplies)
1995. 1. 19 Changed the company's name as Dong-Sin Engineering (Began to export)
1997. 5. 23 In the field of domestic plastic Box Business, first obtained the Certificate of Capacity Test on stable Korea Gas Corporation (Ex e II T4)
1997. 7. 25 Obtained Germany's VDE Mark (Grade-IP 66)
1997. 9. 16 Obtained CE Mark of European Communities
1998. 4. 27 Obtained American UL Mark (UL 508A Type 4X)
1999. 9. 01 Obtained Germany's TUV Mark
2001. 7. 13 Moved to Sahagu
2002. 1. 01 Changed the company's name as DSE, Inc.
2003. 6. 26 Chosen Export Prosperous small-medium sized company by Korean Government
2003. 11. 30 Achieved Export Award for one-million dollar export and an honor of President of Korea Certification Mark
2006. 11. 11 Obtained Environment Management System, ISO 14001:2004/ KSA 14001:2004 registered
2011. 5. 26 KOR-EU FTA
2011. 11. 30 Achieved Export Award for three-million dollar export and an honor of President of Korea Certification Mark
2012. 8. 1 Obtained Germany TUV Mark (IP67)
2014. 10. 27 Obtained Germany TUV Mark (IP68)

GREETING

We, DSE, Inc, have been continuously researching and making our efforts with our superior talented personnel for the purpose of producing the highest quality and its products preparing for technical innovation toward the 21st century.

Our intentional target is the Quality First Principle and we hereby promise to do our best with a new resolution and the faith for the purpose of growing as leading enterprises to the recognized by the people in the world.

We are hereby heartily appreciating for your patronizing our company's products up to the present and we will further appreciate for your continuous cooperation hereafter.

Thank you

DSE, Inc

※Today, DSE HI BOX is exporting enclosures to more than 30 countries and 100 companies.

DSE HI BOX Patent

- ▶ Trademark Registration : No.40-330816, No.40-383187, No.40-383188, No.40-950297, No.40-956750, No.40-1027650, No.40-1046352, No.40-1046353

Mark Acquisition

- Passed IP-67, IK-08(mechanical stress) in accordance with EN 60529-1 : 1991 for IP-Code EN 50102 : 1995 for IK-Code through TUV Rheinland of Germany

- At the EC Executive Committee under the control of European Communities.

- Dust protected acc, to IEC 529 IP 6X passed
- Protected against temporary immersion acc, to IEC 529 IP X7 passed
- During the test no dust no water entered

- Has been assessed by ACE (JAS-ANZ) and complies with Quality Assurance Requirements of ISO 9001:2000 / ISO 14001:2000
- This is to certify that the Quality Management System of DSE INC.

RoHS(Restriction of Hazardous Substances)

RoHS Directive essentially states that electrical and electronic products put on the market within the EU shall not contain lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBBs), or polybrominated diphenylethers (PBDEs) after July 1, 2006. DSE HI-BOX products including all accessories fulfill the requirement of RoHS requirement.

Features of DSE HI BOX

- As the product is delivered from the manufacturing in a finished state, it is equipped with patented draw-latches, hinges and special locking devices, its use is convenient.
- The product's appearance is graceful, ABS(Acrylonitrile Butadiene Styrene), PC(polycarbonate) and polyester have been applied to ensure durability.
- The product weighs approximately 1/4 the weight of an iron box and can be easily installed or moved. The product is free from corrosion, carries superior insulation.
- The product has been perfected to the highest commercial standards through reinforcement of the box's thickness by more than 30% over existing plastic electric boxes.
- The quality system is on the strict quality control and the precise molding, the products obtained European community CE Mark, Germany TUV Mark, ISO approval.
- At the outset in our country, a recognition of Plastic Electric BOX'S safety explosionproof was authenticated and the product appends to the substances of electromagnetic interference(E.M.I) and static electricity prevention, and it attaches importance to the protection of relevant apparatuses such as internal parts and electricity–electron etc.
- As for the new product Economy Box series, its capacity and working efficiency are most excellent and also it has a high competitive power with the low price on the steel Box level.
- The grafted HI BOX and Multipurpose Frame are very simple to install also both of waterproof and dustproof were perfectly settled by a strict quality control.(IP 67)

Applications of DSE HI BOX

Control boards, distribution boards, terminal boxes and PCB boxes for electric, electronic, communications and fire-fighting facilities.

For electric and electronic facilities used in shipbuilding and the petrochemical industry, chemical

plants, coastal plants, stevedoring plant facilities, waste water treatment plants, environmental facilities, fire-fighting and housing facilities, cement plants, food plants, and agricultural and marine products and livestock processing plants.

D DSE HI BOX FAMILY DEVOTES THEMSELVES TO EVERY SINGLE PART OF PRODUCT.

DSE HI BOX devote themselves to an individual product with preparedness and the faith of which they never neglect even a small part from a ring through the lock ability. The super products and remarkable technical skill are not realized in a moment. A small should be taken no neglected and as for the HI BOX when was produced by DSE HI BOX Family. It's proud of them.

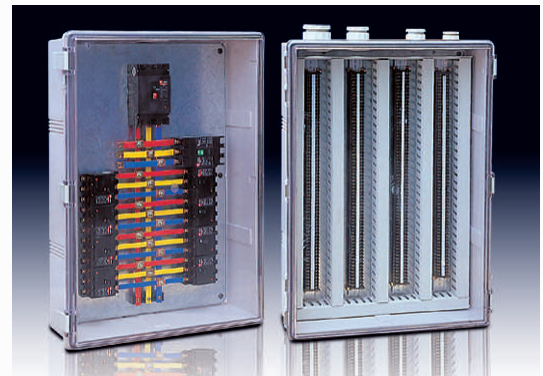

■ Waterproof Test

■ Energyline Box

■ Impact Test

■ Products equipped with Nice box

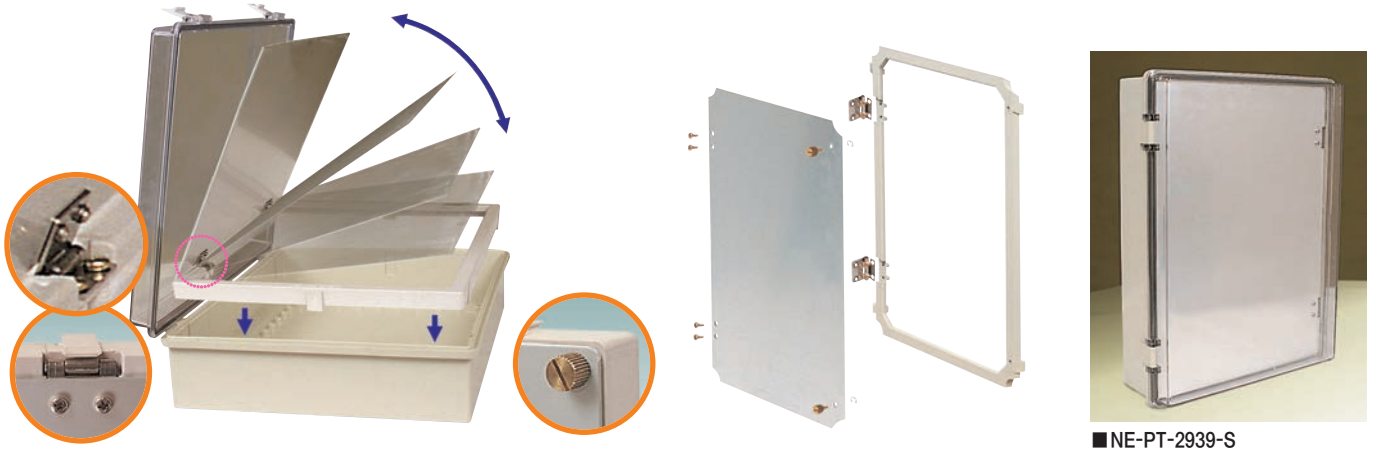

■ Products equipped with Switch box

Special functions & Products assembled

■SERVING FOR THE ALUMINUM PANEL FITTING ON AN UTILIZATION OF MULTIPURPOSE Frame.

(Multipurpose attachment to the Control, Terminal and Nice Box.)

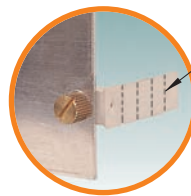

DSE HI BOX made the convenience high on the use at the time of attaching PCB mechanical plate and the ALUMINUM PANEL utilized with the Multipurpose Frame(DSF-012, 1929, 2838 etc) which is in the patent and the product main body solidly keeps the balance.

■ NE-PT-2939-S

■ DS-PTH-2838

The height can be controlled up to 5 steps with 10mm units.

■SERVING FOR ALUMINUM PANEL FITTING WITH AN UTILIZATION OF CLIP AND CLIP HINGE. (Fitting the Clip and Clip Hinge of Control, Terminal, Nice Box, Switch Box, Economy Box)

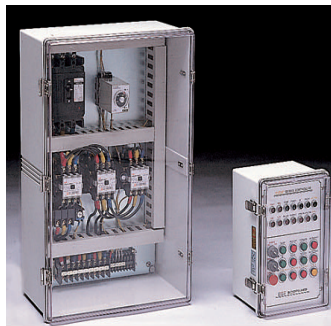

DSE HI BOX makes high convenience on its use at the time of attaching PCB mechanical plate and ALUMINUM PANEL with an utilization of Clip and Clip Hinge to be used for its fitting of ALUMINUM PANEL which is requesting for the patent.

■CLIP HINGE

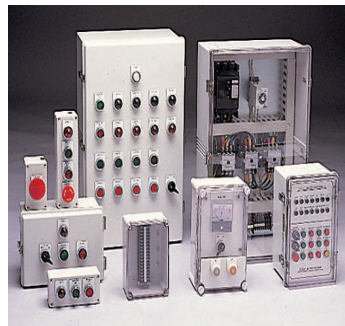

PCB mechanical plate, aluminum panel and other panels can be perfectly simply installed upon applied the inseting type Clip Hinge which is unnecessary for a special fitting.

■ Products equipped with Terminal box

■ Products equipped with Control box

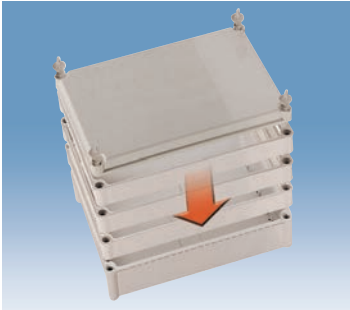

■ Products assembled with DSE HI BOX

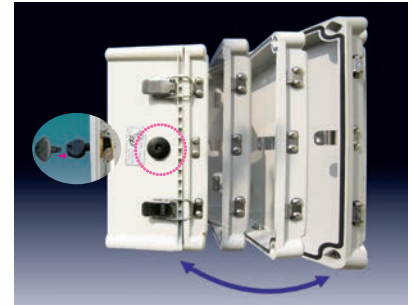

■ ECONOMY BOX (EN-PT-5070)

The Fitting of Extension frame & Special hinge, Draw latch

■ Extension Frame

- Each 3 Step of EF-AG-3828(380×280×50) should be established on Terminal DS-AG-3828 and perfect waterproof-dustproof can be realized.

■ DS-PK-20

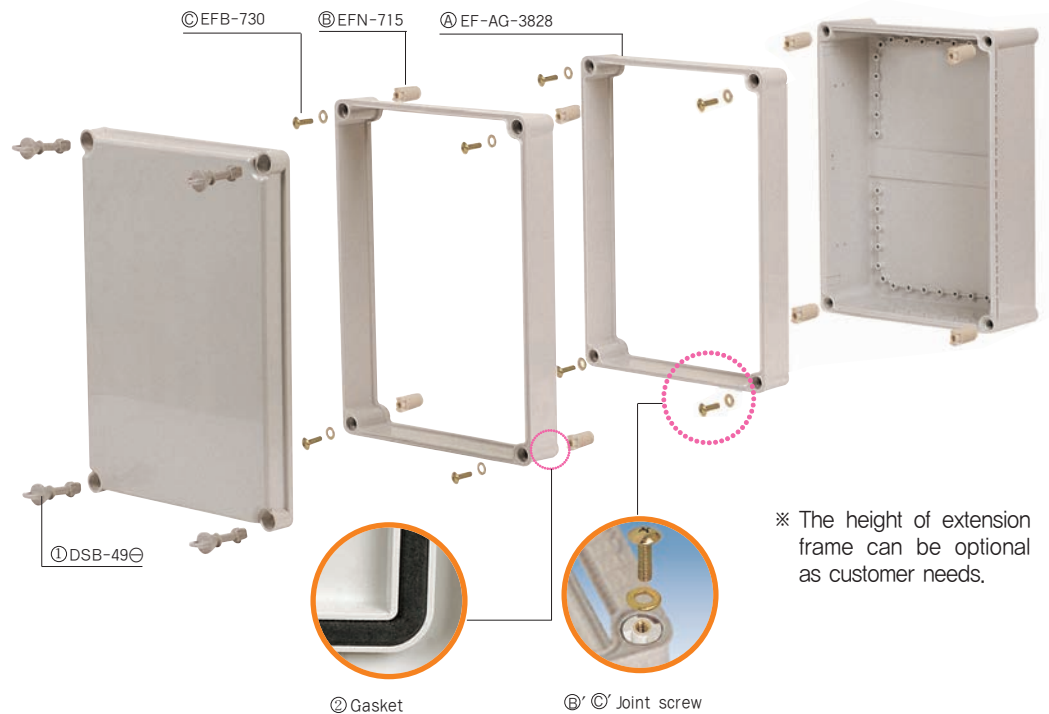

- The security can be completed as installing internal key (DS-PK-20)

■ DS-AG-3828

EF-AG-3828 (Depth 50×3)

- An identical specification to other accessories Terminal Box.
- A control of depth is possible regardless the basic size.
- ①② - Basic specification
- ③ ~ ⑤ - Optional specification

※ The height of extension frame can be optional as customer needs.

As for the joint screw, nut and gasket sealing, its perfect waterproof and dust proof are guaranteed.

SPECIAL HINGE, DRAW LATCH (Carriage Bolt)

As for the Control Box and H Type Box, The Assembled is possible by the user's requirement.

■ Carriage Bolt

There is no unlocking function (⊕ Drive Seat) outside and the locking function is assisted at the time of installing the locking device, and its appearance is beautiful.

The fitting is made perfect as Hinge's square groove and square of carriage bolt is tightly bitten each other.

The rubber seal was immanent and accordingly the unlocking is impossible once it was assembled, and the waterproof function is excellent.

■ Waterproof type special rubber seal

It makes a particular shape and the adhesive efficiency and elasticity (ductility) are excellent when it is assembled.

Economy Box

Plastic draw latch Type for Opening/Closing – IP67

►As any steel or other accessories are not attached to this product, it is useful for coastal place and is not corroded even at the place where climate changes largely.

As shrinkage and expansion occur simultaneously in case of high temperature or drastic cooling, it can protect housed equipment by the optimal conditions.

►It is easy to divide into upper and lower and have excellent workability. As an integrated economic plastic box, it has an excellent competitiveness, easy to work.

►It is convenient for petro-chemical, chemical plant, sewage disposal facility, fire-fighting, environmental pollution prevention facility, housing facility, coastal factory, cement, etc.

Control Box

SUS draw latch Type for Opening/Closing – IP67

► It is a cabinet-shaped product that fixed with a cicada-shaped hinge and special locking system and it is easy to close and open.

► As products are manufactured at factories that we owned, the price is competitive and various sizes and accessories satisfy customers.

► It is useful for control box, terminal box, power distribution panel, measuring equipment box, etc.

Nice Box

Plastic draw latch type for opening/closing – IP67

► It is a plastic box with a cicada-shaped hinge type and is easier to work than steel hinge type. In addition, it has a good exterior and excellent workability.

► It uses strong plastic hinge and a cicada-shaped buckle and is not corroded. In addition, it is easy to manipulate. That is why lots of customers prefer it.

► It can be used for various purposes such as small terminal box, signal device, terminal, pull box for lighting, environmental pollution prevention facility, housing facility and various sizes are available.

Terminal Box

Plastic Bolt Type for Opening/Closing – IP67

► It is made of ABS, PC and non-flammable materials that have a good exterior, excellent processing performance and strength.

► As a conventional plastic box, it is a popular product that is approved by various standard organization such as TUV of Germany, VDE, CE of European Union and Consumer Association.

► It is convenient for the general & mechanical usages such as terminal box, measuring equipment box, gauge box, power distribution, control box, etc.

K Terminal Box

Plastic Bolt Type for Opening/Closing – IP67

▶Special packing is built in plates whose structure is useful for the installation of gland or connector.

▶K terminal box is a product having all merits of DSE HI BOX whose various usages satisfy customers.

▶It is convenient for the usages such as terminal box, incoming panel, measuring equipment box, terminal, control box, etc.

Materials & Composition Table

Switch Box

Plastic Bolt Type for Opening/Closing – IP67

Switch Box

► It weighs a fourth as much as steel box and is convenient for carrying or working. No corrosion and excellent insulation.

► It is an excellent product that passed a thorough waterproof, dustproof impact-resistant test.

► It is useful for the usages such as DIN-Rail and button box, small terminal, signal device, measuring equipment, communication connection box, etc and is easy to mount.

Dimension

(Allowable error: ± 1mm)

- ▶ It is the largest capacity of electric Box and the selection range is made more expansive, and it is New technology of the plastic Box.
- ▶ Big Box is selected and supported by The Packing Development Institute of Industrial Design.
- ▶ Through the use of special waterproof and dustproof tests, contained parts are protected well.
- ▶ The use is simple as big type Sensor, Relay Box, Sleeve, Power Water Tool Box, Junction Box and Control Box.

Materials & Composition Table

• Material: AC Flammability
• Color: Gray

• Material: POLYESTER
• Color: Gray

Big Box Drawing Information

LOCKING KIT

Through using special locking kit waterproof and dustproof are perfect. (IP-66, IK-08)
(Locking kit is available by option with 3~5kit)

GUIDE PINS

The guide pins are used to fix accurately the position of a cover and stop shake.

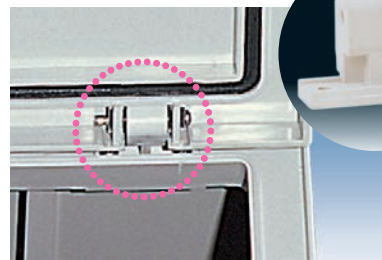

CLIPS

The clips are used to fix aluminium panel and adjusted with height.

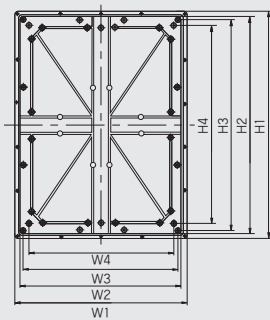

ROTATE FULL 180 DEGREES

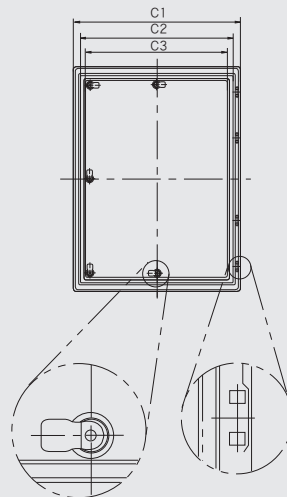

HINGES

The hinge is linked with the plastic material of high intensity elasticity and the intensity is excellent.

Die cast Box

Aluminum Box – IP67

Die cast Box

►Aluminium box is not corroded even though it is used in the air/under water.

►It is an ideal box for the usages such as body of electric fabricated products or electric equipment that is very sensitive under th commercial/industrial environment conditions.

►It has an excellent effect on water–resistance and dust–resistance because it has a gasket that can prevent the entry of dust or moisture.

Electronic Box

Plastic Bolt Type for Opening/Closing – IP67

► We have developed a small electronic box that can be used for various purposes such as electronic, communication, control panel, etc.

► It is strong and has a good exterior. In addition, it is easy to work and has an excellent water-resistance and dust-resistance.

► It is convenient for the usages such as terminal box, small terminal, measuring equipment box, terminal, control box, signal device, communication connection box, etc.

Unite Box

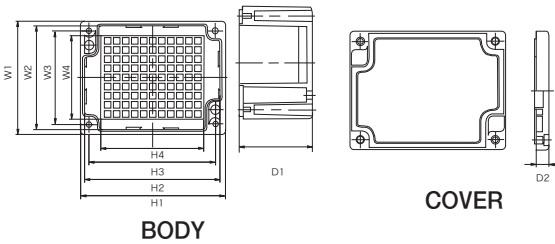

Plastic Panel Integrated Type – IP67

- Mounted with internal plastic panel, it can be used for Terminal block Box, Switches, meters and Control Box etc.
- The delivery-time of our products is promptly made from our own factory with low price and the diverse sizes also the accessories which make the consumer's satisfaction.

Part Number	Dimensions(mm)			INCH

Phenol Box / Part Number : DS-PEN-1420

Phenol Box

Dimension (Allowable error: ± 1mm)

Model : DS-PEN-1420

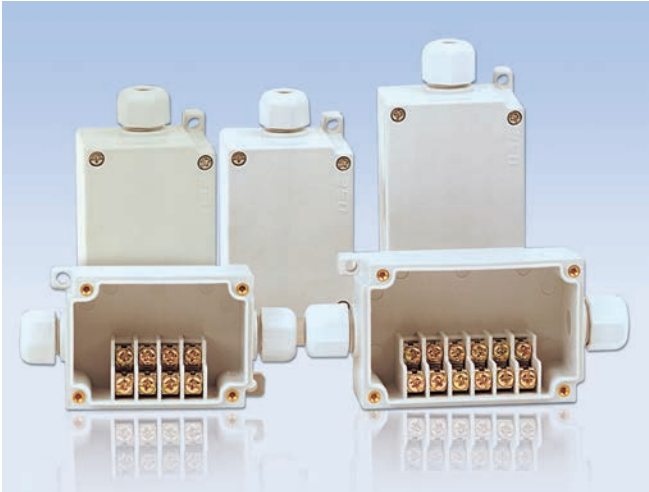

- Thermosetting Resins Box to alternate Die cast Box.
- The revolution in a plastic box world.
- The ideal product under a high temperature and sparking working conditions.
- The new conceptual plastic box acquired the explosionproof. (Ex e II T4)
- Due to the special parking treatment, waterproof and dustproof. Protection of interior things is perfect.

■ INDOOR · OUTDOOR USE

- Body : PMD-A-300-305
- Cover : LEXAN 943-AR
- Color : Body(Black), Cover(Transparency)

Terminal Block Box

Terminal Type Box – IP67

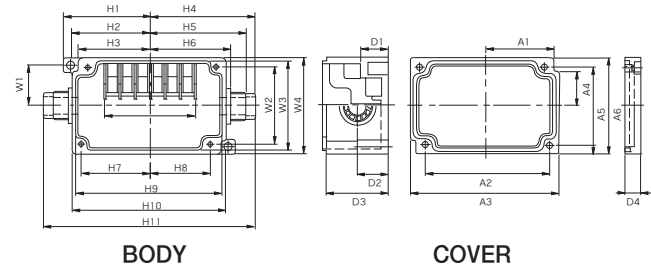

Model	Height×Width×Depth (Unit: mm Including cover)
DS-MTB-4P	70 × 50 × 40
DS-MTB-6P	85 × 55 × 40

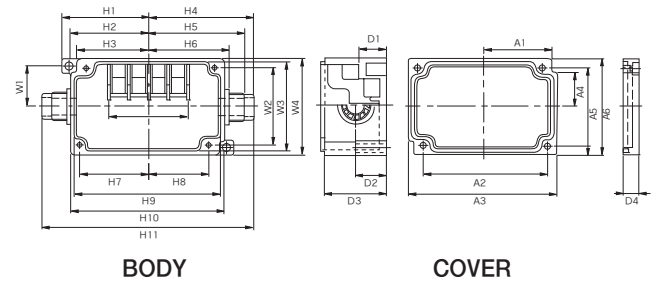

- Indoor/Outdoor use
- Material: Polyester (PBT/PC)
- Color: Gray

- Through the use of special materials from a ABS and Poly carbonate, the product offers graceful appearance and superior strength.
- The product can be replaced with the existing metal cable glands. The product is light in weight, free of corrosion and economical.
- To ensure effective cable support and waterproof, special seal has been filled inside cable gland. (IP 67)
- As JIS standards, the product can be connected to both metal cable pipe and PVC cable pipe.
- Flammability ABS and PC(AC) can also be produced to order.

Connector

- The special material, Nylon is used and a strong point was established at the internal parts protection and the appearance is beautiful and the intensity is excellent on the particular shape.
- It can be exchanged to old metal cable gland and it is light and economical as the price is low.
- Both of the waterproof and dustproof (IP 67 Grade) are assured the quality.
- Production for white/black color with European PG standard.

* Material: Polyamid

Soft Connector / Cap

Soft Connector / Cap

Soft Connector (SPG-00mm)		
Product's name	Cable tolerance : φ	Working for a hole : φ
SPG-3mm	3~5	12
SPG-5mm	5~7	16
SPG-7mm	7~10	20
SPG-9.5mm	10~14.5	23
SPG-13.5mm	14~20	32
SPG-18.5mm	20~26	40
SPG-23.5mm	26~35	50
SPG-27.5mm	30~45	60

Soft Cap (SC-00mm)		
Product's name	Cable tolerance : φ	Working for a hole : φ
SC-10mm	9.5~12	15.5
SC-12mm	11.5~15	18.5
SC-14mm	14~17	20.5
SC-17mm	16.5~20	22.5
SC-22mm	22~25	28
SC-30mm	30~34	37
SC-37mm	36.5~42	47
SC-49mm	49~56	60
SC-54mm	53.5~63	64
SC-70mm	69.5~78	79

- It can be replaced with old metal cable gland and it is light and economical price.
- Both of the waterproof and dustproof are assured the quality.

White/black/gray color are available.

* Material: EPDM, CR-VO(Flammability), SILICON(Strong in heat)

■ Soft Connector ■ Soft Cap

DSE HI BOX

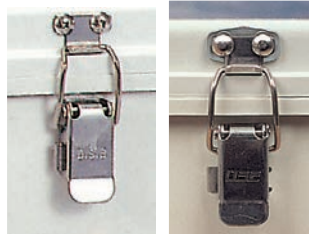

Main Components of DSE HI BOX

■ Draw latches

The draw latches made of stainless steel are double locking safety devices

Model No: DSM-65 DSM-55
DSM-45

Material : SUS304

■ Locking kit

This is a locking kit which prohibits unauthorized persons from using the product.

Model No: DSK-40, 20, 20M,
PK-20, DSM-65K
Material: SUS304, EPDM,
PLASTIC

All the items of HI BOX can be applied.

■ Bracket

These brackets are used to fix boxes on the walls.

Model No: DS-B-60, 50, 40

Material : SUS304

■ Ventilator

Used to equalize internal and external temperature and pressure, and to prevent internal condensation

Model No: DS-VH-40, 50

Material: ABS, AC

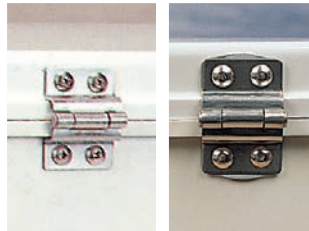

All the items of HI BOX can be applied.

■ Hinge

These hinges are made of stainless steel to ensure strength and durability.

Model No: DSH-50, 35

Material : SUS304

■ Thumb Screw for aluminum panel

Multipurpose Frame and the Aluminum panel is solidly fixed.

Model No: DSL-10

Material: SUS, Brass Alloy

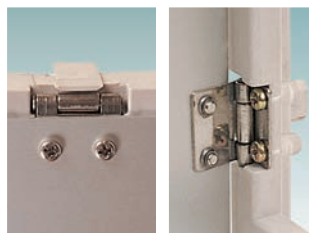

■ Hinge for fitting Aluminum panel

Aluminum panel is connected with the Multipurpose Frame which is simple and solid.

Model No: DSH-25

Material : SUS304

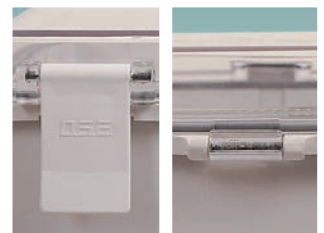

■ Plastic Draw latch

Both of assembling function and locking function is simple and no corrosion, and the intensity is excellent.

Model No: All items of NICE BOX

Material: ABS, AC, Polyester

■ Clip and Clip Hinge

It is possible the installation function of Aluminum panel and height adjusting function.

Model No : DS-CH-50

Material : ABS, AC,
Polyester

■ Plastic bracket

Beautiful appearance and the corrosion-proof and durability is excellent.

Model No: DS-PB-40, 30

Material: ABS, AC, Polyester

■ Clip

At the time of fixing the Aluminum panel's 4-side, the height of 5step(10mm interval) is made possible

Model No: DSC-50

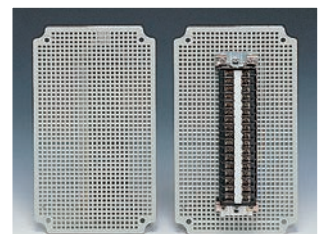

Material:ABS, AC, Polyester

■ Plastic Plate

It is fitted to inside boxes for mounting customer equipment

Material: ABS, AC, Polyester

DSE HI BOX

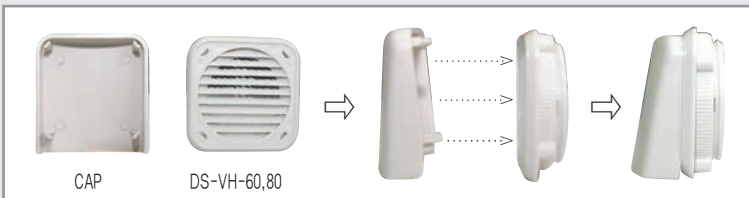

Accessories

- **DS-VH-40**
- Material : ABS, AC
- Ventilator : All of the products of HI BOX

- **DS-VH-50**
- Material : ABS, AC
- Ventilator : All of the products of HI BOX

- **DS-VH-60**
- Material : ABS, AC
- Ventilator : All of the products of HI BOX
- Size : 75×75mm
- Hole : 62.5 ∅

- **DS-VH-80**
- Material : ABS, AC
- Ventilator : All of the products of HI BOX
- Size : 100×100mm
- Hole : 83 ∅

- **DSK-20**
- Material : Steel
- Locking Key : All of the products of HI BOX

- **DSK-40**

- Key Hinge : All of the products of HI BOX

- **DSH-50**
- Material : SUS 304 1.2T
- Hinge : Control, H Type Box

- **DSH-35**
- Material : SUS 304 1.2T
- Hinge : Control, H Type Box

- **DSM-45**
- Material : Stainless steel
- Draw Latch : SWITCH BOX (The type of 80mm and less)

- **DSM-65**
- Material : SUS 304 1.2T
- Draw Latch : Control, H Type Box

- **DSM-65K**
- Material : SUS 304 1.2T
- Draw Latch : Control, H Type Box

DSE HI BOX

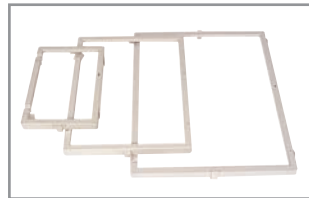

- **DSM-55**
- Material : SUS 304 1.2T
- Draw Latch : Control, H Type Box

- **DS-B-40, 50, 60**
- Material : SUS 304 1.2T
- Bracket : All of the products of HI BOX

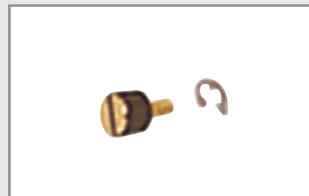

- **DSH-25**
- Material : SUS 304 1.2T
- Hinge : Swingframe panel mounting

- **DSF-012, 1929, 2838 etc.**
- Material : ABS, AC
- Multipurpose Frame : Control, Terminal, Nice Box

- **DS-PB-40/30**
- Material : ABS, AC
- Plastic Brackets : Switch Box, NICE Box

- **DSL-10**
- Material : SUS, Brass Alloy
- Locking equipment for the Swingframe panel mounting

- **DS-PD-1929, 2939**
- Material : Polyster
- Swingframe Panel

- **DSK-20M(Cap for DSK-20)**
- Material : EPDM
- Function : Free from dust and water
- Color : White, Black

- **DS-C-50**
- Material : ABS, AC
- Clip hinge of mounting Aluminum panel : Control, Terminal, NICE Box

- **DS-CH-50**
- Material : ABS, AC
- Clip hinge of mounting Aluminum panel : Control, Terminal, NICE Box

- **DS-C-70**
- Material : AC
- Aluminum panel mounting : Control Box(DS-07use)

- **DS-C-65**
- Material : ABS
- Clip hinge of mounting Aluminum panel : Smart box

- **DS-C-60**
- Material : ABS
- Clip hinge of mounting Aluminum panel : Smart box

- **DS-CH-60**
- Material : ABS
- Clip hinge of mounting Aluminum panel : Smart box

- **DSB-70** ⊕ ⊖
- Material : Nylon Glass
- Cover Screw : Switch Box

- **DSB-110** ⊕ ⊖
- Material : Nylon Glass
- Cover Screw : Terminal Box

- **DSB-25** ⊕ ⊖
- Material : Nylon Glass
- Cover Screw : Switch Box

- **DSB-33** ⊕ ⊖
- Material : Nylon Glass
- Cover Screw : Switch Box

- **DSC-10**
- Material : ABS, AC
- Aluminum panel mounting clip : Switch Box

- **DSB-49** ⊕ ⊖
- Material : Nylon Glass
- Cover Screw : Terminal Box

- **DSM-22, 11**
- Material : ABS, AC
- Plug : H Type Box

- **DS-PK-20**
- Material : Nylon
- Color : Grey, Black

- **EFB-730, EFN-715**
- Material : ABS, AC (Inside insert)
- Junction Screw and Nut for an extension Frame use.

- **EF-□□-1919, 2828, 2838, 5628, 5638**
- Material : ABS, AC
- Extension Frame : Terminal Box
- Depth : 50mm

- **Rubber Plate for H-type Box**
- Material : EPDM
- Function : Dust and Waterproof

MEMO

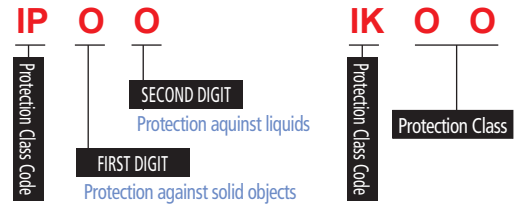

A series of horizontal dashed lines for writing, spanning the width of the page below the header.

DSE HI BOX Ingress Protection Grade

DSE HI BOX Protection Enclosure IP67, IP68 IK 08~10

Box Ingress Protection Grade : IEC60529

IEC(International Electrotechnical Commission) defines protection structure of electric instruments or protection boxes as follows

First Number		Second Number		IK Code	
Protection Against Solid Objects		Protection Against Liquids		Protection Against Mechanical Impact	
IP	Test	IP	Test	IK	Test
0	No Protection	0	No Protection	00	No Protection
1	Protected against solid objects up to 50mm	1	Protected against vertically falling water drops	01-05	[Impact<1Joule]
2	Protected against solid objects up to 12.5mm	2	Protected against vertically falling water drops when enclosure tilted up to 15°	06	impact 1 joule
3	Protected against solid objects up to 2.5mm	3	Protected against spraying water	07	impact 2 joule
4	Protected against solid objects up to 1.0mm	4	Protected against splashing water	08	impact 5 joule
5	Dust-protected	5	Protected against water jets	09	impact 10 joule
6	Dust-tight protected	6	Protected against powerful water jets	10	impact 20 joule
		7	Protected against the effects of immersion between 15cm and 1m during 30min		
		8	Protected against the effects of continuous immersion under pressure		

Material Comparison of DSE HI BOX

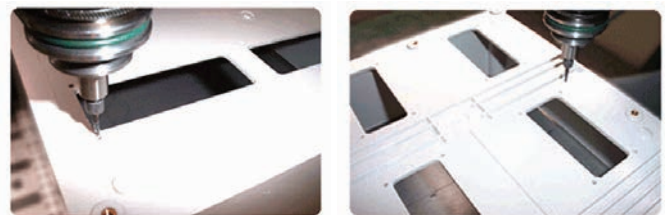

ITEM \ MATERIAL	ABS	AC	POLYCARBONATE	POLYESTER	NYLON
			(Lexan 943AR/123R)		
Outdoor use	▲	★★★	★★★	★★★★★	●
Indoor use	★★★	★★★★★	★★★★★	★★★★★	★★★★★
High rigidity	★	★★★	★★★★	★★★★	★★★
Light weight	★★★★★	★★★★★	★★★★★	★★★★★	★★★★★
Impact resistance	★★★	★★★★★	★★★★★	★★★★★	★★★
Alcohols	★★★	N	★★★	★★★	★★★
Ketones	▲	▲	▲	▲	N
Esters	●	●	●	▲	N
Alkalis	★	●	▲	▲	N
Oils(unsaturated aliphatic mixtures)	★★★	●	N	★★★★★	N
Waxes(heavy oils)	★★★	★★★	N	★★★	N
Brake fluid	▲	▲	N	★★★★★	N
Hot water(over 80°C)	★★★	★★★	N	★★★	N

- ★★★★★ : Very good (unaffected is its performance with regard to time, temperature and stress)
- ★★★ : Good (acceptable in normal exposure, but higher temperatures may result in major loss of properties)
- : Fair (only for short exposures at lower temperatures or when loss of mechanical properties is not critical)
- ▲ : Poor (not recommended)
- N : not tested

※ Please feel free to contact us for recommendations and assistance on specification writing

Working for hole on enclosure by request

DSE HI BOX have started the business named "hole processing working" for the protection of products appearance and the protection of products against the rough handling, at client's desire for various specification based on an extensive knowledge and experience.

Production by order

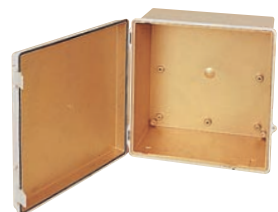

■ SERVICE FOR THE COLOR

We serve for supplying high quality products with the wide color-tone and various colors in accordance with a requirement from the user.

■ SERVICE SILK SCREEN & LETTER EMBOSING

We serve for supplying high quality product with a silk screen and letter embossing by a requirement from the user.

■ SERVICE FOR EMI (ELECTROMAGNETIC INTERFERENCE), RFI (RADIO FREQUENCY INTERFERENCE) PRODUCTS.

...we make what you make, **better**
