

Areas of application:

For the single installation of casing pipes (single cable and cable bundles) such as antenna cables, telephone lines.

Installation guide:

- Drill a 6mm Ø hole
- Wrap the DKS around the cable
- Insert the DKS into the drill hole

Product details:

Clamping range in mm	Type	Content pack/box	Article number
3–13	DKS 3-13	200 / 7.200	30020
6–20	DKS 6-20	200 / 4.800	30030
8–28	DKS 8-28	200 / 6.000	30040
20–40	DKS 20-40	200 / 4.000	30060

Mounting and usage instructions:

Cover the cable(s) with the DKS and insert the DKS into a 6 mm drill hole. Drill – Fasten – Done!

Product benefits/properties:

Good cable tension options with the DKS. When laid, the strap is barely visible.

Technical data:

Material halogen-free, PP, light grey (other colours upon request), UV stabilised
Temperature range: –10 °C to +85 °C,
silicon-free

Weight per item* 0.5 g; 0.7 g; 1 g; 1.2 g

Maximum load** 170 N concrete, 180 N solid brick

Breaking load** 248.00 N concrete, 271.80 N hollow brick

* Listed in product overview order

** For DKS 3–13
